### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Claim 1 was allowed because the prior art of record does not teach or render obvious the total combination claimed for a system for processing cards, including a combined magnetic encoding and a card flipping station which encodes the magnetic medium and which flips individual cards as held by the combined magnetic encoding and card flipping station from one side after printing the one side to another side to permit printing on the another side of the cards.

Claim 9 as allowed because the prior art of record does not teach or render obvious the total combination claimed for combined magnetic encoder and flipper having a first motor which rotates the combined magnetic encoder and flipper from a first rotational position to a second rotational position rotated substantially 180 degrees relative to the first rotational position during the printing of the two sides of the cards about an axis of rotation.

Claim 22 as allowed because the prior art of record does not teach or render obvious the total method claimed for a system for processing cards including a combined magnetic encoding and a card flipping station which encodes the magnetic medium and which flips individual cards as held by the combined magnetic encoding and card flipping station from one side after printing the one side to another side to permit printing on the another side of the cards, including the step of sequentially processing the cards at the combined magnetic encoding and flipping station.

Claim 30 as allowed because the prior art of record does not teach or render obvious the total method claimed for a combined magnetic encoder and flipper, including the step of using a first motor to rotate the combined magnetic encoder and flipper from a first rotational position to

a second rotational position rotated substantially 180 degrees relative to the first rotational position.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave A Ghatt whose telephone number is (571) 272-2165. The examiner can normally be reached on Mondays through Friday 8:00 AM to 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew H Hirshfeld can be reached on (571) 272-2168. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
